THAT BAD BACK.
Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Fairmont residents recommend Doan's Kidney Pills. Read this Fairmont statement.

John W. Wilson, stone mason 215 Chestnut St., says: "I had an attack of kidney trouble and for a time I certainly suffered. My back ached and when I stooped, stabbing pains caught me in the small of my back and nearly took the life out of me. Sometimes it was all I could do to straighten. My kidneys were in a bad condition and the secretions passed often, breaking my rest at night. I read about Doan's Kidney Pills, so I purchased some. After using several boxes of Doan's, I was cured and I am always ready to recommend them. Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wilson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y."

SPEEDERS DRAW

\$10 FINES NOW
Mayor Conaway Imposes Fines on Four Traffic Law Violators.

Traffic law violators were favorites in police court again this morning, and as a result the city treasury is \$24 better off than when the session started. Two convicted on speeding charges were fined \$10 and costs each, two for parking wrong drew \$3 and costs each, while several who failed to show up will have to pay up tomorrow morning.

Nick Banana, who is well known in police court circles, was back to call on the mayor this morning. Nick was tagged by Policeman Downey for speeding by the Miller School on Pennsylvania avenue. Banana entered a plea of guilty to the charge and was fined \$10 and costs. He paid the required amount and was released.

J. E. Hager, who parked his car on the wrong side of Monroe street while watching the baseball game on a scoreboard yesterday afternoon, paid \$2 for his reserved seat. His car was tagged while he was out of it watching the game, and he entered a plea of guilty when arraigned today. He paid the \$2 but will probably take a seat in the bleachers to watch the game today.

Charles Canavatos made two trips in front of the Miller School the other day at about 20 to 25 miles per hour. The traffic officer stationed there missed his number the first time but when he repeated the stunt the officer nabbed him and ordered him to appear. A fine of \$10 and costs was imposed by Mayor Conaway, and he ordered Chief Snider to collect.

James Hart, who used one of the city streets for a garage for his car, was fined \$2 and costs this morning. Mayor Conaway is endeavoring to break up the practice of parking cars in the city streets at night. A number have been caught napping during the last few days, and the officers are keeping a close watch for this kind of violations.

Deputy Sheriff E. L. Hawkins failed to appear in court to answer to a charge of parking his car wrong in Jefferson street near the courthouse and Mayor Conaway told Chief Snider to have him present tomorrow morning to answer to the charge.

C. B. Mitchell, charged with speeding on Pennsylvania avenue near the Miller School, appeared before Mayor Conaway last evening, reported that he was tagged but that he would have to lose a day's work to report today and asked if he could report some day when the mines were not working. Mayor Conaway granted his request. Four or five first offenders were released but were warned that the next time it would mean a fine.

NEITHER FIRM NOR EMPLOYEES BLAMED

CHARLESTON, W. Va., Oct. 5.—No fault directly or indirectly for the death of five men in a mine accident at Glen Rogers September 3 is attached to the Raleigh-Wyoming Coal Co. or its employees, it was stated in a report today from the Wyoming County coroner, W. S. Thompson, to R. M. Lambie, chief of the State Department of Mines. The men were killed when a half coal up the 700 foot shaft fell on the men completing the excavation of the bottom of the shaft. The coroner's report did not attempt to explain what caused a break in the supporting cable about two feet above the top of the "skip" while it was hanging about 500 feet above them. Officers of the company said no coal was hoisted while men were working in the shaft.
